

5 REASONS TO CHOOSE TOROMONT S.O.SSM FLUID ANALYSIS SERVICES

GET RESULTS YOU CAN TRUST

- ✓ The S.O.SSM Fluid Analysis Services process is built by Caterpillar scientists and backed by product engineers.
- ✓ Worldwide testing standards ensure consistent quality so you receive accurate, detailed results every time.

SEE SOPHISTICATED TREND ANALYSIS

- ✓ Samples are evaluated based upon complete product knowledge, fluid properties and analysis of millions of data points.
- ✓ More than 7 million samples are tested worldwide by Cat[®] dealer labs every year. More than 300,000 samples are tested per year at Toromont.

OUR EXPERTS CARE ABOUT YOUR BOTTOM LINE

- ✓ Set a sampling schedule tailored to your needs, and integrate it into a robust equipment management program.
- ✓ Save by fixing issues before failure, optimize operations to control costs.

MIXED FLEET? WE HAVE YOU COVERED

- ✓ Whether made by us or another manufacturer, we've got your machine covered.
- ✓ About 25% of all samples come from equipment other than Cat. We're your total solution for mixed fleets.

WE'RE BUILT FOR EVERY TYPE OF FLUID & APPLICATION

- ✓ We handle oil, coolant and diesel sampling.
- ✓ From power generation to pipeline, mining to marine and more.
